

Campaign Materials

Find resources to use in clinical practice and to share with patients. Access *Prevention IS Care* materials, online continuing medical education programs, clinical review publications, helpful links, fast facts and quick tips, and more.

Prevention IS Care Resource Kit

This new 2015 provider resource kit covers the following topics: Retaining patients in care, medication adherence, safer sex and Partner Services information for both the provider and patient, patient education materials on the effect of STDs on viral load and CD4 count, relative risk of sexual behaviors, and myths and misconceptions about HIV/AIDS and more. All patient materials are offered in English and Spanish.
